ADVISORY TO ALL THE STUDENTS, PARENTS AND STAFF

In compliance with the Uttar Pradesh Epidemic Disease COVID-19 (Corona Virus Disease 2019) Regulations 2020 Notification No.548/five-5-2020, dated Lucknow, 14 March, 2020 the school has taken and will be taking following measure for the safety of the students.

1. As per the order of the administration the school will remain closed till 22nd March 2020 and further as per the order if any.
2. Medical camps will be organised from time to time to check the staff and students for any Coronavirus like symptoms. Parents will be informed if any student is found of any symptoms.
3. Complete sanitization and fumigation of the school building, class rooms and all other areas are done by Anti Cimex Services Pvt.Ltd. and the same will take place at regular intervals.
4. Children with any symptoms or fever flue are advised not to come to school.
5. Children those who are missing any exams on the basis of ill health will be promoted to higher class on the basis of the cumulative average.
6. Staff and students are instructed to maintain safe distance from each other and wash hands with soap and water regularly and also use standard Alcohol Skin Antiseptic sanitizer.
7. Cover the mouth and nose with handkerchief or by the bend of the elbows while sneezing and coughing.
8. Stop the practice of handshake and greet each other with folded hands "Namaste" Or waving. Follow no touch greeting.
9. Avoid sharing food, cups, utensils and towels.
10. Avoid touching eyes, ears and nose with unclean hands.
11. Avoid direct touch of objects; like door handles, taps, mouse, keyboards and sports items.
12. Keep at least one meter distance from anyone coughing or sneezing.
13. Avoid any public functions, gatherings and travel.
14. School will hold seminars for Teachers, Staff and other employees to educate them about prevention and spread of Coronavirus by Doctors (Specializing in respiratory diseases).
15. Teachers to hold educational lectures for each class to create awareness in the children.
16. Teachers will keep a watch on students suffering from common cold, flu, cough, sneezing and fever. Such students may be asked about their last travel history, their family business background. Anyone from the family who visited China or any other countries recently and medical diagnosis from their family doctor may be submitted.
17. Each class should hold poster making competitions on the topic "Prevention from Coronavirus" Such posters to be placed in the class and at important places in the school corridors.
18. All activities where children are expected to be in proximity will remain suspended till further information.
19. Parents, staff and students will be subjected to forehead temperature checkup before entry into the campus.
20. Coronavirus is a highly contagious and deadly virus. It is a respiratory disease syndrome. The entire activity of prevention from Coronavirus, infection and spread should be done with utmost sensitivity and it is our collective responsibility.
